Noah Clark

Denton, TX | (214) 783-2197 | clarknoah@live.com | LinkedIn | GitHub | Portfolio

Summary:

Front-End Developer with 2+ years of experience building responsive, performant, and accessible web applications using HTML, CSS, JavaScript, React, and Next.js. Strong foundation in modern front-end architecture, state management, API integration, and authentication. Proven leader with 4+ years of management experience, bringing exceptional communication, ownership, and problem-solving skills to collaborative engineering teams. Passionate about crafting intuitive user experiences and delivering measurable business impact through clean, scalable code.

Skills:

HTML5, CSS3 (Flexbox, Grid), JavaScript (ES6+), React, Next.js (SSR & SSG), Redux Toolkit, React Query, React Router, Sass/SCSS, Tailwind CSS, Bootstrap, Responsive Design, Git, GitHub, Vercel, Netlify, NPM, Webpack, Parcel, Supabase, NextAuth, Problem-solving, Critical Thinking, Communication, Research, Team Collaboration

Projects:

Wild Oasis – Hotel Booking Application – [View Project] – [View Code]

Technologies: React, React Router, Context API, Supabase

- Built a dynamic hotel booking management application with protected routes and authentication
- Implemented state management using React Context API for global booking and user data
- Developed reusable UI components and modular architecture for scalability
- Integrated backend services with Supabase for real-time data handling and persistence

Forkify – Online Cookbook & Recipe Guide – [View Project] – [View Code]

Technologies: JavaScript (ES6+), REST APIs, Parcel

- Developed a recipe search application using modern JavaScript architecture (MVC pattern)
- Integrated third-party REST APIs to fetch and render dynamic recipe data
- Implemented bookmarking functionality with local storage persistence
- Built custom pagination, search, and dynamic serving-size adjustment features

Omnifood – Food Delivery Landing Page – [View Project] – [View Code]

Technologies: HTML5, CSS3, Responsive Design

- Implemented smooth scrolling navigation and interactive UI elements
- Optimized layout for mobile-first responsiveness and cross-browser compatibility
- Focused on accessibility, clean semantic markup, and performance best practices

Professional Experience:

Miracles of Joy Metaphysical Store & Spiritual Center – Lewisville, TX

Manager / Key Holder | 11/2021 – Present
